This Agreement is made and entered into by and between the County of Cook, a public body corporate of the State of Illinois, on behalf of Office of the Chief Procurement Officer hereinafter referred to as "County" and FUND FOR THE CITY OF NEW YORK, doing business as a Corporation of the State of Illinois hereinafter referred to as "Consultant".

BACKGROUND

Consultant represents that it has the professional experience and expertise to provide the necessary services and further warrants that it is ready, willing and able to perform in accordance with the terms and conditions as set forth in this Agreement.

NOW, THEREFORE, the County and Consultant agree as follows:

"Chief Procurement Officer" means the Chief Procurement Officer for the County of Cook and any representative duly authorized in writing to act on his behalf.

"Services" means, collectively, the services, duties and responsibilities described in Article 3 of this Agreement and any and all work necessary to complete them or carry them out fully and to the standard of performance required in this Agreement.

"Subcontractor" or **"Subconsultant"** means any person or entity with whom Consultant contracts to provide any part of the Services, of any tier, suppliers and materials providers, whether or not in privity with Consultant.

"Using Agency" shall mean the department of agency within Cook County including elected officials.

b) **Interpretation**

- i) The term **"include"** (in all its forms) means "include, without limitation" unless the context clearly states otherwise.
- ii) All references in this Agreement to Articles, Sections or Exhibits, unless otherwise expressed or indicated are to the Articles, Sections or Exhibits of this Agreement.

ARTICLE 3) DUTIES AND RESPONSIBILITIES OF CONSULTANT

a) Scope of Services

This description of Services is intended to be general in nature and is neither a complete description of Consultant's Services nor a limitation on the Services that Consultant is to provide under this Agreement. Consultant must provide the Services in accordance with the standards of performance set forth in Section 3c. The Services that Consultant must provide include, but are not limited to, those described in Exhibit 1, Job Description & Program Narrative/Timeline, which is attached to this Agreement and incorporated by reference as if fully set forth here.

b) Deliverables

In carrying out its Services, Consultant must prepare or provide to the County various Deliverables. "Deliverables" include work product, such as written reviews, recommendations, reports and analyses, produced by Consultant for the County.

The County may reject Deliverables that do not include relevant information or data, or do not include all documents or other materials specified in this Agreement or reasonably necessary for the purpose for which the County made this Agreement or for which the County intends to use the Deliverables. If the County determines that Consultant has failed to comply with the foregoing standards, it has 30 days from the discovery to notify Consultant of its failure. If Consultant does not correct the failure, if it is possible to do so, within 30 days after receipt of notice from the County specifying the failure, then the County, by written notice, may treat the failure as a default of this Agreement under Article 9.

Partial or incomplete Deliverables may be accepted for review only when required for a specific and well-defined purpose and when consented to in advance by the County. Such Deliverables will not be considered as satisfying the requirements of this Agreement and partial or incomplete Deliverables in no way relieve Consultant of its commitments under this Agreement.

c) Standard of Performance

Consultant must perform all Services required of it under this Agreement with that degree of skill, care and diligence normally shown by a consultant performing services of a scope and purpose and magnitude comparable with the nature of the Services to be provided under this Agreement. Consultant acknowledges that it is entrusted with or has access to valuable and confidential information and records of the County and with respect to that information, Consultant agrees to be held to the standard of care of a fiduciary.

Consultant must assure that all Services that require the exercise of professional skills or judgment are accomplished by professionals qualified and competent in the applicable discipline and appropriately licensed, if required by law. Consultant must provide copies of any such licenses. Consultant remains responsible for the professional and technical accuracy of all Services or Deliverables furnished, whether by Consultant or its Subconsultants or others on its behalf. All Deliverables must be prepared in a form and content satisfactory to the Using Agency and delivered in a timely manner consistent with the requirements of this Agreement.

If Consultant fails to comply with the foregoing standards, Consultant must perform again, at its own expense, all Services required to be re-performed as a direct or indirect result of that failure. Any review, approval, acceptance or payment for any of the Services by the County does not relieve Consultant of its responsibility for the professional skill and care and technical accuracy of its Services and Deliverables. This provision in no way limits the County's rights against Consultant either under this Agreement, at law or in equity.

d) Personnel

i) Adequate Staffing

Consultant must, upon receiving a fully executed copy of this Agreement, assign and maintain during the term of this Agreement and any extension of it an adequate staff of competent personnel that is fully equipped, licensed as appropriate, available as needed, qualified and assigned exclusively to perform the Services. Consultant must include among its staff the Key Personnel and positions as identified below. The level of staffing may be revised from time to time by notice in writing from Consultant to the County and with written consent of the County, which consent the County will not withhold unreasonably. If the County fails to object to the revision within 14 days after receiving the notice, then the revision will be considered accepted by the County.

ii) **Key Personnel**

Consultant must not reassign or replace Key Personnel without the written consent of the County, which consent the County will not unreasonably withhold. **"Key Personnel"** means those job titles and the persons assigned to those positions in accordance with the provisions of this Section 3.d(ii). The Using Agency may at any time in writing notify Consultant that the County will no longer accept performance of Services under this Agreement by one or more Key Personnel listed. Upon that notice Consultant must immediately suspend the services of the key person or persons and must replace him or them in accordance with the terms of this Agreement. A list of Key Personnel is found in Exhibit 1, Job Description & Program Narrative/Timelines.

iii) **Salaries and Wages**

Consultant and Subconsultants must pay all salaries and wages due all employees performing Services under this Agreement unconditionally and at least once a month without deduction or rebate on any account, except only for those payroll deductions that are mandatory by law or are permitted under applicable law and regulations. If in the performance of this Agreement Consultant underpays any such salaries or wages, the Comptroller for the County may withhold, out of payments due to Consultant, an amount sufficient to pay to employees underpaid the difference between the salaries or wages required to be paid under this Agreement and the salaries or wages actually paid these employees for the total number of hours worked. The amounts withheld may be disbursed by the Comptroller for and on account of Consultant to the respective employees to whom they are due. The parties acknowledge that this Section 3.d(iii) is solely for the benefit of the County and that it does not grant any third party beneficiary rights.

e) **Minority and Women's Owned Business Enterprises Commitment**

In the performance of this Agreement, including the procurement and lease of materials or equipment, Consultant must abide by the minority and women's business enterprise commitment requirements of the Cook County Ordinance for all contracts which have an amount of \$25,000 or more, (Article IV, Section 34-267 through 272) except to the extent waived by the Compliance Director. **There is a zero percent (0%) MBE/WBE goal for this contract.**

Clark St., Room 1018, Chicago, IL 60602, original Certificates of Insurance, or such similar evidence, to be in force on the date of this Agreement, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this Agreement. Consultant must submit evidence of insurance on the County Insurance Certificate Form (copy attached as Exhibit 2) or equivalent prior to the effective date of the Agreement. The receipt of any certificate does not constitute agreement by the County that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the County to obtain certificates or other insurance evidence from Consultant is not a waiver by the County of any requirements for Consultant to obtain and maintain the specified coverages. Consultant must advise all insurers of the provisions in this Agreement regarding insurance. Non-conforming insurance does not relieve Consultant of the obligation to provide insurance as specified in this Agreement. Nonfulfillment of the insurance conditions may constitute a violation of this Agreement, and the County retains the right to terminate this Agreement or to suspend this Agreement until proper evidence of insurance is provided.

- (2) The insurance must provide for 60 days prior written notice to be given to the County in the event coverage is substantially changed, canceled or non-renewed. All deductibles or self-insured retentions on referenced insurance coverages must be borne by Consultant. Consultant agrees that insurers waive their rights of subrogation against the County of Cook, its employees, elected officials, agents or representatives.
- (3) The coverages and limits furnished by Consultant in no way limit Consultant's liabilities and responsibilities specified within this Agreement or by law. Any insurance or self-insurance programs maintained by the County of Cook apply in excess of and do not contribute with insurance provided by Consultant under this Agreement.
- (4) The required insurance is not limited by any limitations expressed in the indemnification language in this Agreement or any limitation placed on the indemnity in this Agreement given as a matter of law.
- (5) Consultant must require all Subconsultants to provide the insurance required in this Agreement, or Consultant may provide the coverages for Subconsultants. All Subconsultants are subject to the same insurance requirements as Consultant unless otherwise specified in this Agreement. If Consultant or Subconsultant desires additional coverages, the party desiring the additional coverages is responsible for its acquisition and cost.
- (6) The County's Risk Management Office maintains the rights to modify, delete, alter or change these requirements. **"Risk Management Office"** means the Risk Management Office, which is under the direction of the Director of Risk Management and is charged with reviewing and analyzing insurance and related liability matters for the County.

g) Indemnification

The Consultant covenants and agrees to indemnify and save harmless the County and its commissioners, officials, employees, agents and representatives, and their respective heirs, successors and assigns, from and against any and all costs, expenses, attorney's fees, losses, damages and liabilities incurred or suffered directly or indirectly from or attributable to any claims arising out of or incident to the performance or nonperformance of the Contract by the Consultant, or the acts or omissions of the officers, agents, employees, Consultants, subconsultants, licensees or invitees of the Consultant. The Consultant expressly understands and agrees that any Performance Bond or insurance protection required of the Consultant, or otherwise provided by the Consultant, shall in no way limit the responsibility to indemnify the County as hereinabove provided.

h) Confidentiality and Ownership of Documents

Consultant acknowledges and agrees that information regarding this Contract is confidential and shall not be disclosed, directly, indirectly or by implication, or be used by Consultant in any way, whether during the term of this Contract or at any time thereafter, except solely as required in the course of Consultant's performance hereunder. Consultant shall comply with the applicable privacy laws and regulations affecting County and will not disclose any of County's records, materials, or other data to any third party. Consultant shall not have the right to compile and distribute statistical analyses and reports utilizing data derived from information or data obtained from County without the prior written approval of County. In the event such approval is given, any such reports published and distributed by Consultant shall be furnished to County without charge.

All documents, data, studies, reports, work product or product created as a result of the performance of the Contract (the "Documents") shall be included in the Deliverables and shall be the property of the County of Cook. It shall be a breach of this Contract for the Consultant to reproduce or use any documents, data, studies, reports, work product or product obtained from the County of Cook or any Documents created hereby, whether such reproduction or use is for Consultant's own purposes or for those of any third party. During the performance of the Contract Consultant shall be responsible of any loss or damage to the Documents while they are in Consultant's possession, and any such loss or damage shall be restored at the expense of the Consultant. The County and its designees shall be afforded full access to the Documents and the work at all times.

i) Patents, Copyrights and Licenses

If applicable, Consultant shall furnish the Chief Procurement Officer with all licenses required for the County to utilize any software, including firmware or middleware, provided by Consultant as part of the Deliverables. Such licenses shall be clearly marked with a reference to the number of this County Contract. Consultant shall also furnish a copy of such licenses to the Chief Procurement Officer. Unless otherwise stated in these Contract documents, such licenses shall be perpetual and shall not limit the number of persons who may utilize the software on behalf of the County.

Consultant agrees to hold harmless and indemnify the County, its officers, agents, employees and affiliates from and defend, as permitted by Illinois law, at its own expense (including reasonable attorneys', accountants' and consultants' fees), any suit or proceeding brought against County based upon a claim that the ownership and/or use of equipment, hardware and software or any part thereof provided to the County or utilized in performing Consultant's services constitutes an infringement of any patent, copyright or license or any other property right.

In the event the use of any equipment, hardware or software or any part thereof is enjoined, Consultant with all reasonable speed and due diligence shall provide or otherwise secure for County, at the Consultant's election, one of the following: the right to continue use of the equipment, hardware or software; an equivalent system having the Specifications as provided in this Contract; or Consultant shall modify the system or its component parts so that they become non-infringing while performing in a substantially similar manner to the original system, meeting the requirements of this Contract.

j) Examination of Records and Audits

The Consultant agrees that the Cook County Auditor or any of its duly authorized representatives shall, until expiration of three (3) years after the final payment under the Contract, have access and the right to examine any books, documents, papers, canceled checks, bank statements, purveyor's and other invoices, and records of the Consultant related to the Contract, or to Consultant's compliance with any term, condition or provision thereof. The Consultant shall be responsible for establishing and maintaining records sufficient to document the costs associated with performance under the terms of this Contract.

The Consultant further agrees that it shall include in all of its subcontracts hereunder a provision to the effect that the Subcontractor agrees that the Cook County Auditor or any of its duly authorized representatives shall, until expiration of three (3) years after final payment under the subcontract, have access and the right to examine any books, documents, papers, canceled checks, bank statements, purveyor's and other invoices and records of such Subcontractor involving transactions relating to the subcontract, or to such Subcontractor compliance with any term, condition or provision thereunder or under the Contract.

In the event the Consultant receives payment under the Contract, reimbursement for which is later disallowed by the County, the Consultant shall promptly refund the disallowed amount to the County on request, or at the County's option, the County may credit the amount disallowed from the next payment due or to become due to the Consultant under any contract with the County.

To the extent this Contract pertains to Deliverables which may be reimbursable under the Medicaid or Medicare Programs, Consultant shall retain and make available upon request, for a period of four (4) years after furnishing services pursuant to this Agreement, the contract, books, documents and records which are necessary to certify the nature and extent of the costs of such services if requested by the Secretary of Health and Human Services or the Comptroller General of the United States or any of their duly authorized representatives.

If Consultant carries out any of its duties under the Agreement through a subcontract with a related organization involving a value of cost of \$10,000.00 or more over a 12 month period, Consultant will cause such subcontract to contain a clause to the effect that, until the expiration of four years after the furnishing of any service pursuant to said subcontract, the related organization will make available upon request of the Secretary of Health and Human Services or the Comptroller General of the United States or any of their duly authorized representatives, copies of said subcontract and any books, documents, records and other data of said related organization that are necessary to certify the nature and extent of such costs. This paragraph relating to the retention and production of documents is included because of possible application of Section 1861(v)(1)(I) of the Social Security Act to this Agreement; if this Section should be found to be inapplicable, then this paragraph shall be deemed inoperative and without force and effect.

k) Subcontracting or Assignment of Contract or Contract Funds

Once awarded, this Contract shall not be subcontracted or assigned, in whole or in part, without the advance written approval of the Chief Procurement Officer, which approval shall be granted or withheld at the sole discretion of the Chief Procurement Officer. In no case, however, shall such approval relieve the Consultant from its obligations or change the terms of the Contract. The Consultant shall not transfer or assign any Contract funds or any interest therein due or to become due without the advance written approval of the Chief Procurement Officer. The unauthorized subcontracting or assignment of the Contract, in whole or in part, or the unauthorized transfer or assignment of any Contract funds, either in whole or in part, or any interest therein, which shall be due or are to become due the Consultant shall have no effect on the County and are null and void.

Prior to the commencement of the Contract, the Consultant shall identify in writing to the Chief Procurement Officer the names of any and all Subcontractors it intends to use in the performance of the Contract by completing the Identification of Subcontractor/Supplier/Subconsultant Form ("ISF"). The Chief Procurement Officer shall have the right to disapprove any Subcontractor. All Subcontractors shall be subject to the terms of this Contract. Consultant shall incorporate into all subcontracts all of the provisions of the Contract which affect such subcontract. Upon request of the Chief Procurement Officer, the party complained against shall respond to the complaint in writing within five days of such request. The Chief Procurement Officer will reduce her decision to writing and mail or otherwise furnish a copy thereof to the Consultant. The decision of the Chief Procurement Officer will be final and binding. Dispute resolution as provided herein shall be a condition precedent to any other action at law or in equity. However, unless a notice is issued by the Chief Procurement Officer indicating that additional time is required to review a dispute, the parties may exercise their contractual remedies, if any, if no decision is made within sixty (60) days following notification to the Chief Procurement Officer of a dispute. No inference shall be drawn from the absence of a decision by the Chief Procurement Officer.

Notwithstanding a dispute, Consultant shall continue to discharge all its obligations, duties and responsibilities set forth in the Contract during any dispute resolution proceeding unless otherwise agreed to by the County in writing.

ARTICLE 7) COOPERATION WITH INSPECTOR GENERAL AND COMPLIANCE WITH ALL LAWS

The Consultant, Subcontractor, licensees, grantees or persons or businesses who have a County contract, grant, license, or certification of eligibility for County contracts shall abide by all of the applicable provisions of the Office of the Independent Inspector General Ordinance (Section 2-281 et. seq. of the Cook County Code of Ordinances). Failure to cooperate as required may result in monetary and/or other penalties.

The Consultant shall observe and comply with the laws, ordinances, regulations and codes of the Federal, State, County and other local government agencies which may in any manner affect the performance of the Contract including, but not limited to, those County Ordinances set forth in the Certifications attached hereto and incorporated herein. Assurance of compliance with this requirement by the Consultant's employees, agents or Subcontractor shall be the responsibility of the Consultant.

The Consultant shall secure and pay for all federal, state and local licenses, permits and fees required hereunder.

ARTICLE 8) SPECIAL CONDITIONS

a) Warranties and Representations

In connection with signing and carrying out this Agreement, Consultant:

- i) warrants that Consultant is appropriately licensed under Illinois law to perform the Services required under this Agreement and will perform no Services for which a professional license is required by law and for which Consultant is not appropriately licensed;
- ii) warrants it is financially solvent; it and each of its employees, agents and Subcontractors of any tier are competent to perform the Services required under this Agreement; and Consultant is legally authorized to execute and perform or cause to be performed this Agreement under the terms and conditions stated in this Agreement;
- iii) warrants that it will not knowingly use the services of any ineligible consultant or Subcontractor for any purpose in the performance of its Services under this Agreement;

- iv) warrants that Consultant and its Subcontractors are not in default at the time this Agreement is signed, and has not been considered by the Chief Procurement Officer to have, within 5 years immediately preceding the date of this Agreement, been found to be in default on any contract awarded by the County;
- v) represents that it has carefully examined and analyzed the provisions and requirements of this Agreement; it understands the nature of the Services required; from its own analysis it has satisfied itself as to the nature of all things needed for the performance of this Agreement; this Agreement is feasible of performance in accordance with all of its provisions and requirements, and Consultant warrants it can and will perform, or cause to be performed, the Services in strict accordance with the provisions and requirements of this Agreement;
- vi) represents that Consultant and, to the best of its knowledge, its Subcontractors are not in violation of the provisions of the Illinois Criminal Code, 720 ILCS 5/33E as amended; and
- vii) acknowledges that any certification, affidavit or acknowledgment made under oath in connection with this Agreement is made under penalty of perjury and, if false, is also cause for termination under Sections 9.a and 9.c.

b) Ethics

- i) In addition to the foregoing warranties and representations, Consultant warrants:
 - (1) no officer, agent or employee of the County is employed by Consultant or has a financial interest directly or indirectly in this Agreement or the compensation to be paid under this Agreement except as may be permitted in writing by the Board of Ethics.
 - (2) no payment, gratuity or offer of employment will be made in connection with this Agreement by or on behalf of any Subcontractors to the prime Consultant or higher tier Subcontractors or anyone associated with them, as an inducement for the award of a subcontract or order.

c) Joint and Several Liability

If Consultant, or its successors or assigns, if any, is comprised of more than one individual or other legal entity (or a combination of them), then under this Agreement, each and without limitation every obligation or undertaking in this Agreement to be fulfilled or performed by Consultant is the joint and several obligation or undertaking of each such individual or other legal entity.

d) **Business Documents**

At the request of the County, Consultant must provide copies of its latest articles of incorporation, by-laws and resolutions, or partnership or joint venture agreement, as applicable.

e) **Conflicts of Interest**

- i) No member of the governing body of the County or other unit of government and no other officer, employee or agent of the County or other unit of government who exercises any functions or responsibilities in connection with the Services to which this Agreement pertains is permitted to have any personal interest, direct or indirect, in this Agreement. No member of or delegate to the Congress of the United States or the Illinois General Assembly and no Commissioner of the Cook County Board or County employee is allowed to be admitted to any share or part of this Agreement or to any financial benefit to arise from it.
- ii) Consultant covenants that it, and to the best of its knowledge, its Subcontractors if any (collectively, "**Consulting Parties**"), presently have no direct or indirect interest and will not acquire any interest, direct or indirect, in any project or contract that would conflict in any manner or degree with the performance of its Services under this Agreement.
- iii) Upon the request of the County, Consultant must disclose to the County its past client list and the names of any clients with whom it has an ongoing relationship. Consultant is not permitted to perform any Services for the County on applications or other documents submitted to the County by any of Consultant's past or present clients. If Consultant becomes aware of a conflict, it must immediately stop work on the assignment causing the conflict and notify the County.
- iv) Without limiting the foregoing, if the Consulting Parties assist the County in determining the advisability or feasibility of a project or in recommending, researching, preparing, drafting or issuing a request for proposals or bid specifications for a project, the Consulting Parties must not participate, directly or indirectly, as a prime, Subcontractor or joint venturer in that project or in the preparation of a proposal or bid for that project during the term of this Agreement or afterwards. The Consulting Parties may, however, assist the County in reviewing the proposals or bids for the project if none of the Consulting Parties have a relationship with the persons or entities that submitted the proposals or bids for that project.

- v) The Consultant further covenants that, in the performance of this Agreement, no person having any conflicting interest will be assigned to perform any Services or have access to any confidential information, as defined in Section 3.h of this Agreement. If the County, by the Chief Procurement Officer in his reasonable judgment, determines that any of Consultant's Services for others conflict with the Services Consultant is to render for the County under this Agreement, Consultant must terminate such other services immediately upon request of the County.
- vi) Furthermore, if any federal funds are to be used to compensate or reimburse Consultant under this Agreement, Consultant represents that it is and will remain in compliance with federal restrictions on lobbying set forth in Section 319 of the Department of the Interior and Related Agencies Appropriations Act for Fiscal year 1990, 31 U.S.C. § 1352, and related rules and regulations set forth at 54 Fed. Reg. 52,309 ff. (1989), as amended. If federal funds are to be used, Consultant must execute a Certification Regarding Lobbying, which will be attached as an exhibit and incorporated by reference as if fully set forth here.

f) Non-Liability of Public Officials

Consultant and any assignee or Subcontractor of Consultant must not charge any official, employee or agent of the County personally with any liability or expenses of defense or hold any official, employee or agent of the County personally liable to them under any term or provision of this Agreement or because of the County's execution, attempted execution or any breach of this Agreement.

**ARTICLE 9) EVENTS OF DEFAULT, REMEDIES, TERMINATION, SUSPENSION
AND RIGHT TO OFFSET**

a) Events of Default Defined

The following constitute events of default:

- i) Any material misrepresentation, whether negligent or willful and whether in the inducement or in the performance, made by Consultant to the County.
- ii) Consultant's material failure to perform any of its obligations under this Agreement including the following:
 - (a) Failure due to a reason or circumstances within Consultant's reasonable control to perform the Services with sufficient personnel and equipment or with sufficient material to ensure the performance of the Services;

- (b) Failure to perform the Services in a manner reasonably satisfactory to the Chief Procurement Officer or inability to perform the Services satisfactorily as a result of insolvency, filing for bankruptcy or assignment for the benefit of creditors;
 - (c) Failure to promptly re-perform within a reasonable time Services that were rejected as erroneous or unsatisfactory;
 - (d) Discontinuance of the Services for reasons within Consultant's reasonable control; and
 - (e) Failure to comply with any other material term of this Agreement, including the provisions concerning insurance and nondiscrimination.
- iii) Any change in ownership or control of Consultant without the prior written approval of the Chief Procurement Officer, which approval the Chief Procurement Officer will not unreasonably withhold.
 - iv) Consultant's default under any other agreement it may presently have or may enter into with the County during the life of this Agreement. Consultant acknowledges and agrees that in the event of a default under this Agreement the County may also declare a default under any such other Agreements.
 - v) Failure to comply with Article 7 in the performance of the Agreement.
 - vi) Consultant's repeated or continued violations of County ordinances unrelated to performance under the Agreement that in the opinion of the Chief Procurement Officer indicate a willful or reckless disregard for County laws and regulations.

b) Remedies

The occurrence of any event of default permits the County, at the County's sole option, to declare Consultant in default. The Chief Procurement Officer may in his sole discretion give Consultant an opportunity to cure the default within a certain period of time, which period of time must not exceed 30 days, unless extended by the Chief Procurement Officer. Whether to declare Consultant in default is within the sole discretion of the Chief Procurement Officer and neither that decision nor the factual basis for it is subject to review or challenge under the Disputes provision of this Agreement.

The Chief Procurement Officer will give Consultant written notice of the default, either in the form of a cure notice ("**Cure Notice**"), or, if no opportunity to cure will be granted, a default notice ("**Default Notice**"). If the Chief Procurement Officer gives a Default Notice, he will also indicate any present intent he may have to terminate this Agreement, and the decision to terminate (but not the decision not to terminate) is final and effective upon giving the notice. The Chief Procurement Officer may give a Default Notice if Consultant fails to affect a cure within the cure period given in a Cure Notice. When a Default Notice with intent to terminate is given as provided in this Section 9.b and Article 11, Consultant must discontinue any Services, unless otherwise directed in the notice, and deliver all materials accumulated in the performance of this Agreement, whether completed or in the process, to the County. After giving a Default Notice, the County may invoke any or all of the following remedies:

- i) The right to take over and complete the Services, or any part of them, at Consultant's expense and as agent for Consultant, either directly or through others, and bill Consultant for the cost of the Services, and Consultant must pay the difference between the total amount of this bill and the amount the County would have paid Consultant under the terms and conditions of this Agreement for the Services that were assumed by the County as agent for the Consultant under this Section 9.b;
- ii) The right to terminate this Agreement as to any or all of the Services yet to be performed effective at a time specified by the County;
- iii) The right of specific performance, an injunction or any other appropriate equitable remedy;
- iv) The right to money damages;
- v) The right to withhold all or any part of Consultant's compensation under this Agreement;
- vi) The right to consider Consultant non-responsible in future contracts to be awarded by the County.

If the Chief Procurement Officer considers it to be in the County's best interests, he may elect not to declare default or to terminate this Agreement. The parties acknowledge that this provision is solely for the benefit of the County and that if the County permits Consultant to continue to provide the Services despite one or more events of default, Consultant is in no way relieved of any of its responsibilities, duties or obligations under this Agreement, nor does the County waive or relinquish any of its rights.

The remedies under the terms of this Agreement are not intended to be exclusive of any other remedies provided, but each and every such remedy is cumulative and is in addition to any other remedies, existing now or later, at law, in equity or by statute. No delay or omission to exercise any right or power accruing upon any event of default impairs any such right or power, nor is it a waiver of any event of default nor acquiescence in it, and every such right and power may be exercised from time to time and as often as the County considers expedient.

c) Early Termination

In addition to termination under Sections 9.a and 9.b of this Agreement, the County may terminate this Agreement, or all or any portion of the Services to be performed under it, at any time by a notice in writing from the County to Consultant. The County will give notice to Consultant in accordance with the provisions of Article 11. The effective date of termination will be the date the notice is received by Consultant or the date stated in the notice, whichever is later. If the County elects to terminate this Agreement in full, all Services to be provided under it must cease and all materials that may have been accumulated in performing this Agreement, whether completed or in the process, must be delivered to the County effective 10 days after the date the notice is considered received as provided under Article 11 of this Agreement (if no date is given) or upon the effective date stated in the notice.

After the notice is received, Consultant must restrict its activities, and those of its Subcontractors, to winding down any reports, analyses, or other activities previously begun. No costs incurred after the effective date of the termination are allowed. Payment for any Services actually and satisfactorily performed before the effective date of the termination is on the same basis as set forth in Article 5, but if any compensation is described or provided for on the basis of a period longer than 10 days, then the compensation must be prorated accordingly. No amount of compensation, however, is permitted for anticipated profits on unperformed Services. The County and Consultant must attempt to agree on the amount of compensation to be paid to Consultant, but if not agreed on, the dispute must be settled in accordance with Article 6 of this Agreement. The payment so made to Consultant is in full settlement for all Services satisfactorily performed under this Agreement.

Consultant must include in its contracts with Subcontractors an early termination provision in form and substance equivalent to this early termination provision to prevent claims against the County arising from termination of subcontracts after the early termination. Consultant will not be entitled to make any early termination claims against the County resulting from any Subcontractor's claims against Consultant or the County to the extent inconsistent with this provision.

If the County's election to terminate this Agreement for default under Sections 9.a and 9.b is determined in a court of competent jurisdiction to have been wrongful, then in that case the termination is to be considered to be an early termination under this Section 9.c.

d) Suspension

The County may at any time request that Consultant suspend its Services, or any part of them, by giving 15 days prior written notice to Consultant or upon informal oral, or even no notice, in the event of emergency. No costs incurred after the effective date of such suspension are allowed. Consultant must promptly resume its performance of the Services under the same terms and conditions as stated in this Agreement upon written notice by the Chief Procurement Officer and such equitable extension of time as may be mutually agreed upon by the Chief Procurement Officer and Consultant when necessary for continuation or completion of Services. Any additional costs or expenses actually incurred by Consultant as a result of recommencing the Services must be treated in accordance with the compensation provisions under Article 5 of this Agreement.

No suspension of this Agreement is permitted in the aggregate to exceed a period of 45 days within any one year of this Agreement. If the total number of days of suspension exceeds 45 days, Consultant by written notice may treat the suspension as an early termination of this Agreement under Section 9.c.

e) Right to Offset

In connection with performance under this Agreement, the County may offset any excess costs incurred:

- i) if the County terminates this Agreement for default or any other reason resulting from Consultant's performance or non-performance;
- ii) if the County exercises any of its remedies under Section 9.b of this Agreement;
or
- iii) if the County has any credits due or has made any overpayments under this Agreement.

The County may offset these excess costs by use of any payment due for Services completed before the County terminated this Agreement or before the County exercised any remedies. If the amount offset is insufficient to cover those excess costs, Consultant is liable for and must promptly remit to the County the balance upon written demand for it. This right to offset is in addition to and not a limitation of any other remedies available to the County.

f) Delays

Consultant agrees that no charges or claims for damages shall be made by Consultant for any delays or hindrances from any cause whatsoever during the progress of any portion of this Contract.

g) Prepaid Fees

In the event this Contract is terminated by either party, for cause or otherwise, and the County has prepaid for any Deliverables, Consultant shall refund to the County, on a prorated basis to the effective date of termination, all amounts prepaid for Deliverables not actually provided as of the effective date of the termination. The refund shall be made within fourteen (14) days of the effective date of termination.

ARTICLE 10) GENERAL CONDITIONS

a) Entire Agreement

i) General

This Agreement, and the exhibits attached to it and incorporated in it, constitute the entire agreement between the parties and no other warranties, inducements, considerations, promises or interpretations are implied or impressed upon this Agreement that are not expressly addressed in this Agreement.

ii) No Collateral Agreements

Consultant acknowledges that, except only for those representations, statements or promises expressly contained in this Agreement and any exhibits attached to it and incorporated by reference in it, no representation, statement or promise, oral or in writing, of any kind whatsoever, by the County, its officials, agents or employees, has induced Consultant to enter into this Agreement or has been relied upon by Consultant, including any with reference to:

- (a) the meaning, correctness, suitability or completeness of any provisions or requirements of this Agreement;
- (b) the nature of the Services to be performed;
- (c) the nature, quantity, quality or volume of any materials, equipment, labor and other facilities needed for the performance of this Agreement;
- (d) the general conditions which may in any way affect this Agreement or its performance;
- (e) the compensation provisions of this Agreement; or
- (f) any other matters, whether similar to or different from those referred to in (a) through (e) immediately above, affecting or having any connection with this Agreement, its negotiation, any discussions of its performance or those employed or connected or concerned with it.

iii) **No Omissions**

Consultant acknowledges that Consultant was given an opportunity to review all documents forming this Agreement before signing this Agreement in order that it might request inclusion in this Agreement of any statement, representation, promise or provision that it desired or on that it wished to place reliance. Consultant did so review those documents, and either every such statement, representation, promise or provision has been included in this Agreement or else, if omitted, Consultant relinquishes the benefit of any such omitted statement, representation, promise or provision and is willing to perform this Agreement in its entirety without claiming reliance on it or making any other claim on account of its omission.

b) **Counterparts**

This Agreement is comprised of several identical counterparts, each to be fully signed by the parties and each to be considered an original having identical legal effect.

c) **Contract Amendments**

The parties may during the term of the Contract make amendments to the Contract but only as provided in this section. Such amendments shall only be made by mutual agreement in writing.

In the case of Contracts not approved by the Board, the Chief Procurement Officer may amend a contract provided that any such amendment does not extend the Contract by more than one (1) year, and further provided that the total cost of all such amendments does not increase the total amount of the Contract beyond \$150,000. Such action may only be made with the advance written approval of the Chief Procurement Officer. If the amendment extends the Contract beyond one (1) year or increases the total award amount beyond \$150,000, then Board approval will be required.

No Using Agency or employee thereof has authority to make any amendments to this Contract. Any amendments to this Contract made without the express written approval of the Chief Procurement Officer is void and unenforceable.

Consultant is hereby notified that, except for amendments which are made in accordance with this Section 10.c. Contract Amendments, no Using Agency or employee thereof has authority to make any amendment to this Contract.

d) Governing Law and Jurisdiction

This Contract shall be governed by and construed under the laws of the State of Illinois. The Consultant irrevocably agrees that, subject to the County's sole and absolute election to the contrary, any action or proceeding in any way, manner or respect arising out of the Contract, or arising from any dispute or controversy arising in connection with or related to the Contract, shall be litigated only in courts within the Circuit Court of Cook County, State of Illinois, and the Consultant consents and submits to the jurisdiction thereof. In accordance with these provisions, Consultant waives any right it may have to transfer or change the venue of any litigation brought against it by the County pursuant to this Contract.

e) Severability

If any provision of this Agreement is held or considered to be or is in fact invalid, illegal, inoperative or unenforceable as applied in any particular case in any jurisdiction or in all cases because it conflicts with any other provision or provisions of this Agreement or of any constitution, statute, ordinance, rule of law or public policy, or for any other reason, those circumstances do not have the effect of rendering the provision in question invalid, illegal, inoperative or unenforceable in any other case or circumstances, or of rendering any other provision or provisions in this Agreement invalid, illegal, inoperative or unenforceable to any extent whatsoever. The invalidity, illegality, inoperativeness or unenforceability of any one or more phrases, sentences, clauses or sections in this Agreement does not affect the remaining portions of this Agreement or any part of it.

f) Assigns

All of the terms and conditions of this Agreement are binding upon and inure to the benefit of the parties and their respective legal representatives, successors and assigns.

g) Cooperation

Consultant must at all times cooperate fully with the County and act in the County's best interests. If this Agreement is terminated for any reason, or if it is to expire on its own terms, Consultant must make every effort to assure an orderly transition to another provider of the Services, if any, orderly demobilization of its own operations in connection with the Services, uninterrupted provision of Services during any transition period and must otherwise comply with the reasonable requests and requirements of the Using Agency in connection with the termination or expiration.

h) Waiver

Nothing in this Agreement authorizes the waiver of a requirement or condition contrary to law or ordinance or that would result in or promote the violation of any federal, state or local law or ordinance.

Whenever under this Agreement the County by a proper authority waives Consultant's performance in any respect or waives a requirement or condition to either the County's or Consultant's performance, the waiver so granted, whether express or implied, only applies to the particular instance and is not a waiver forever or for subsequent instances of the performance, requirement or condition. No such waiver is a modification of this Agreement regardless of the number of times the County may have waived the performance, requirement or condition. Such waivers must be provided to Consultant in writing.

i) Independent Consultant

This Agreement is not intended to and will not constitute, create, give rise to, or otherwise recognize a joint venture, partnership, corporation or other formal business association or organization of any kind between Consultant and the County. The rights and the obligations of the parties are only those expressly set forth in this Agreement. Consultant must perform under this Agreement as an independent Consultant and not as a representative, employee, agent, or partner of the County.

This Agreement is between the County and an independent Consultant and, if Consultant is an individual, nothing provided for under this Agreement constitutes or implies an employer-employee relationship such that:

- i) The County will not be liable under or by reason of this Agreement for the payment of any compensation award or damages in connection with the Consultant performing the Services required under this Agreement.
- ii) Consultant is not entitled to membership in the County Pension Fund, Group Medical Insurance Program, Group Dental Program, Group Vision Care, Group Life Insurance Program, Deferred Income Program, vacation, sick leave, extended sick leave, or any other benefits ordinarily provided to individuals employed and paid through the regular payrolls of the County.
- iv) The County is not required to deduct or withhold any taxes, FICA or other deductions from any compensation provided to the Consultant.

j) Governmental Joint Purchasing Agreement

Pursuant to Section 4 of the Illinois Governmental Joint Purchasing Act (30 ILCS 525) and the Joint Purchase Agreement approved by the Cook County Board of Commissioners (April 9, 1965), other units of government may purchase goods or services under this contract.

In the event that other agencies participate in a joint procurement, the County reserves the right to renegotiate the price to accommodate the larger volume.

k) Comparable Government Procurement

As permitted by the County of Cook, other government entities, if authorized by law, may wish to purchase the goods, supplies, services or equipment under the same terms and conditions contained in this Contract (i.e., comparable government procurement). Each entity wishing to reference this Contract must have prior authorization from the County of Cook and the Consultant. If such participation is authorized, all purchase orders will be issued directly from and shipped directly to the entity requiring the goods, supplies, equipment or services supplies/services. The County shall not be held responsible for any orders placed, deliveries made or payment for the goods, supplies, equipment or services supplies/services ordered by these entities. Each entity reserves the right to determine the amount of goods, supplies, equipment or services it wishes to purchase under this Contract.

l) Force Majeure

Neither Consultant nor County shall be liable for failing to fulfill any obligation under this Contract if such failure is caused by an event beyond such party's reasonable control and which is not caused by such party's fault or negligence. Such events shall be limited to acts of God, acts of war, fires, lightning, floods, epidemics, or riots.

ARTICLE 11) NOTICES

Greg Berman . Director

Through this Agreement, Cook County shall provide \$103,087 to the Fund for the City of New York/Center for Court Innovation to support the salary and benefits of the Center research staff listed below. Staff will provide the following services:

Principal Investigator: The role of a principal investigator (PI) is to direct a research or evaluation project. A principal investigator is responsible for finalizing the research design; determining appropriate statistical strategies, research instruments, or qualitative methods; supervising the work of analysts or research associates; and overseeing the production of all final products. In the current study, the evaluation of the Cook County Misdemeanor Deferred Prosecution Enhancement Program (MDPEP), the PI will direct all aspects of the quasi-experimental comparative effectiveness study that the Center for Court Innovation will conduct in an effort to test whether the implementation of MDPEP reduces collateral consequences, affects court administrative costs and time savings, and does not increase recidivism. The PI will also serve as the primary point of contact with the Cook County State's Attorney's Office. Finally, the PI will oversee the production of all products resulting from the study, including at minimum a final technical report and readable executive summary for a policymaker and practitioner audience. The PI will also generally deliver any presentations of research findings and/or co-deliver any joint presentations with the project director from the Cook County State's Attorney's Office. The designated PI is Melissa Labriola, an associate director of research at the Center for Court Innovation with almost 15 years of experience at the agency. Of particular importance, she is currently the project director on the Center's national study of prosecutor-led diversion programs and is PI on the Center's national survey of police-led diversion programs. She has previously served as PI on numerous other studies examining service- or treatment-based interventions that operate either as a diversion program or as a post-plea or post-sentence alternative to incarceration. In addition, by the time of the current study, Dr. Labriola will have twice analyzed data obtained from Cook County and Illinois State data systems (first through a statewide analysis of child prostitution cases and second through an analysis of preexisting Cook County prosecutor-led diversion programs as part of the national, multi-site study).

Senior Research Associate: A senior research associate is a researcher with at least several years of experience (generally three to ten years). A senior research associate generally has the skill and experience to serve as PI on a small project or to serve as a project analyst—responsible for implementing the research design, conducting the day-to-day work, and co-authoring final products—on medium to large sized projects. Where a research project involves quantitative methods, a senior research associate is fully versed in core multivariable analytic methods as well as in the use of propensity score adjustments or other common statistical strategies. In the current study, the senior research associate will, under the direct supervision of the PI, implement much of the MDPEP comparative effectiveness study. Cassandra Ramdath will serve as the Senior Research Associate. Specifically, Ms. Ramdath, will conduct much of the actual data-analytic work, guided by the analytic plan and statistical strategies developed by the PI and by the research director (see below). Ms. Ramdath will also co-author all study products and, where appropriate, may deliver or co-deliver select research presentations.

DEMONSTRATION PROJECTS: Brooklyn Justice Initiatives . Brooklyn Mental Health Court . Brooklyn Treatment Court . Bronx Child Witness Program . Bronx Community Solutions . Brownsville Community Justice Center . Crown Heights Community Mediation Center . Domestic Violence Court . Harlem Community Justice Center . Midtown Community Court . Newark Community Solutions . Parent Support Program . Parole Reentry Court . Peacemaking Program . Queens Youth Justice Center . Red Hook Community Justice Center . Save Our Streets . Staten Island Youth Justice Center . UPNEXT . Westchester Court Education Initiative . Youth Court . Youth Justice Board

Research Director: A research director ultimately oversees all research and evaluation projects at a research institute or think tank. Where the research director does not also serve as the principal investigator (PI), it signifies that the research director will only consult on major research design decisions, rather than oversee details of the design and its implementation. Although the PI ultimately reports to the research director, the PI generally has wide latitude to supervise a given research project, while consulting with the research director where necessary. The research director is also responsible for quality control with respect to all publications or other products and will edit and, accordingly, will comment on the structure and outline of written products. In the current MDPEP evaluation, the research director at the Center for Court Innovation will play a small consultative role, mainly consulting on all general aspects of the research design and, most importantly given his experience, serving as quantitative methodologist, devising specific propensity score adjustment methods for the proposed comparative effectiveness evaluation. In line with his general job description, the research director will also have ultimate responsibility for reviewing all products and publications. The research director at the Center for Court Innovation is Michael Rempel. He has served as research director for 13 years and has worked at the Center for a total of 16 years, overseeing numerous studies on topics in the justice system and frequently serving as quantitative methodologist on studies that involve quantitative evaluations.

Associate Director of National Technical Assistance: The associate director of national technical assistance works in a department that provides training and technical assistance to courts, District Attorney's Offices, indigent defense agencies, and other stakeholders and program planners on a multitude of justice reform initiatives. An associate director in the department has the capability of overseeing the delivery of training and technical assistance on a given project, while ultimately reporting to and, as needed, consulting with the director of the department. In the current project involving the MDPEP, the associate director of national technical assistance is involved in a small role in the second year of the project in helping to disseminate findings and lessons to jurisdictions across the country. In this regard, the associate director of training and technical assistance will work closely with the Center for Court Innovation research team to understand what the major research findings are; and the position will also work with the project director at the Cook County State's Attorney's Office to understand findings and lessons from the perspective of that position. On the current project, associate director Danielle Malangone has been assigned (although it is conceivable that another associate director will be assigned in her place once it is time, in Year 2 of the project, for technical assistance activities to commence). Ms. Malangone will assist with the creation of original technical assistance tools for the field, including an implementation guidebook offering tips for applying evidence-based principles in diversion strategies, a risk profile of misdemeanor offenders to inform the development of appropriate social service options, and recommendations for replication. Having previously provided technical assistance to prosecutors in the area of community prosecution and having served as the technical assistance provider on many of the Center's current and past research studies related to both prosecutor-led and law enforcement diversion, Ms. Malangone is ideally positioned to understand and clearly convey major project lessons to the national field. Moreover, amongst staff in the Center for Court Innovation's national technical assistance department, Ms. Malangone is the most fully versed in the risk-need-responsivity model, which forms the theoretical underpinnings for the MDPEP initiative.

A. **Statement of the Problem:** The Cook County State's Attorney's Office (SAO) is the second largest prosecutorial office in the nation and the largest in Illinois (IL). In 2012 alone, there were 165,049 misdemeanor cases and 31,188 felony cases filed in Cook County.¹ As a result, the SAO is grappling with a misdemeanor caseload that is overwhelming the system

and having dramatic impacts on the offenders cycling through it. This problem is not unique to Cook County – in a review of 11 states, the National Center for State Courts found that 79% of criminal caseloads were comprised of misdemeanors.² An estimated ten million misdemeanor cases are filed annually.³ These cases flood lower courts, jails, and other agencies, and place an enormous financial burden on the criminal justice system. In a time of fiscal austerity, jurisdictions nationwide are grappling with how to respond to misdemeanor crime without relying on expensive, short-term jail sentences.⁴

Once convicted, misdemeanants are faced with severe collateral consequences that impact their ability to find a job, obtain school loans, secure housing and public benefits, and maintain healthy relationships—all factors which contribute to the risk of recidivism. They may also receive heavy fines, spend significant periods of time incarcerated, and suffer from the same consequences as felons. Under IL statute, many misdemeanor offenses can be enhanced to a felony charge simply due to the existence of a similar, prior misdemeanor conviction. Thus, avoidance of that first conviction takes on even greater significance.

Additionally, many misdemeanor crimes do not present any risk to public safety.⁵ To eliminate these harsh collateral consequences, reforms should consider prosecutorial discretion in charging and plea bargaining to remove minor offenses from the court system.⁶

In response to these challenges, the SAO developed the Misdemeanor Deferred Prosecution Program (MDPP) as a means to process non-violent cases more efficiently, eliminate collateral consequences, and direct resources towards more serious crimes.

Diverted offenders are referred to services and receive a case dismissal upon successful

completion. But despite the enormous volume of misdemeanor cases filed in Cook County, only approximately 1.5% of all misdemeanor cases are currently diverted through MDPP.

This gap is due to the limited scope of the program: MDPP is only available to offenders: 1) who are arrested in two geographical areas of Chicago or two suburban districts (these cover approximately 30% of Chicago and 40% of the suburban districts) and 2) who are veterans or report mental health issues. As a result, an inequitable system has developed whereby thousands of potentially eligible, non-violent offenders are prosecuted and convicted. The impact of the successes of MDPP goes beyond these factors. We estimate that each MDPP case is disposed of at a reduced cost to Cook County of \$176, when compared to the disposition of even "simple" misdemeanor offenses. The result is a savings of over \$265,000 for the cases disposed of through MDPP to Cook County thus far. It is expected that the savings will continue to grow as the number of cases expands through the current initiative. This also does not take into account any savings related to the reduction of future criminal behavior.

For defendants diverted, there is an urgent need to implement evidence-based strategies that reflect the extensively researched risk-needs-responsivity (RNR) principles.⁷ The Risk Principle holds that those at higher risk of re-offense should receive more intensive treatment, whereas those at a low risk should be left alone or mandated to less demanding interventions.⁸ The Need Principle holds that the criminogenic needs of each offender should be assessed and treated, ideally through proven cognitive-behavioral methods (which are, in

turn, recommended by the Responsivity Principle). Given these principles, combined with the challenges of crushing misdemeanor caseloads, there is a clear need to increase misdemeanor diversion based on rigorous risk-needs assessment information. By executing this pilot program, we could offer deferment to an additional 500 defendants over two years.

B. Project Design and implementation: Development of the strategy to address the problem: In 2011, the Felony Deferred Prosecution Program (FDPP) was implemented. That Program, directed at non-violent felony offenders, has engaged well over 1,300 felony offenders since it began operation and has seen a consistent successful completion rate (with resultant case dismissal) in excess of 75%, with 98% of graduates having no felony arrest and 86% having no negative contact with the criminal justice system in the first year post-case dismissal. The Misdemeanor Deferred Prosecution Program (MDPP) was implemented in 2012 and has now admitted well over 1,200 participants in approximately 18 months. MDPP has had consistent successful completion rates in excess of 90%, with 94% having no arrest or violation during initial review. However, MDPP can only be accessed by 40% of eligible offenders, countywide, and only Veterans or those with a behavioral health concern. The proposed project would attempt to further the benefits of MDPP by expanding to another district that currently doesn't have MDPP and incorporating greater use of evidence-based strategies in another district by incorporating a risk assessment and opening up the eligibility criteria. In addition, we would perform an extensive evaluation of this project, which will ensure that project lessons and findings can inform the national prosecution field. The goal of the proposed project is to balance rigorous adherence to the evidence-based RNR principles with a realistic approach to prosecutors' limited legal leverage in misdemeanor cases.

Description of how project will accomplish expected outcomes: While many jurisdictions are using diversion programs for various offenders, the Cook County Misdemeanor Deferred Prosecution Enhancement Program (MDPEP) will use evidence-based screening tools to

determine risk and needs and will develop evidence-based interventions accordingly. This program has potential to be expanded county-wide and would fill a significant gap in the field nationally for lower-level offenses. It would also seek to sustain and build momentum for this evidence-informed practice by conducting new research, providing technical assistance, and

creating tangible tools to assist other jurisdictions in replicating the evidence-based program.

The SAO proposes a three-pronged approach that would expand the current MDPP to one district that currently does not offer it and also pilot and research an enhanced model in the 6th Municipal District, which is in the south suburban area of Cook County that does not currently offer MDPP. The MDPEP will seek to: reduce subsequent criminal behavior; reduce costs to the system; minimize the collateral consequences resulting from convictions for these low-level, non-violent offenses; and share findings with the larger community.

To implement this program one Assistant State's Attorney (ASA) will be hired. The selection process for participants will involve the grant-funded ASA reviewing the files of all defendants that come into the 6th District's misdemeanor court that are not currently charged with a DUI or violent offenses or offenses that include a weapon (as defined by statutes and interpreted by the SAO) to determine if their criminal background would warrant eligibility. For those individuals whose backgrounds do not exclude them from eligibility (defendants with a felony conviction, a history/pattern of violent behavior, or a misdemeanor conviction for a violent offense within the past three years will be excluded), the grant-funded ASA will inform the defendant's attorney of their eligibility. By law, participation in MDPEP has to be voluntary, as defendants cannot be forced into a certain resolution of their case.

If the defendant agrees to the Program and the victim (if applicable) agrees to the defendant's participation, the defendant will meet with the grant-funded Alternative Prosecution Specialist (APS) who will administer the Misdemeanor Evidence-Based Assessment (MEBA) in the courthouse. The tool was designed and validated by the Center

for Court Innovation (CCI) specifically for a misdemeanor population. It will identify offender risk level prior to diversion and is also designed to screen for key criminogenic needs, including criminal thinking, anti-social associates, employment and education deficits, and substance abuse. Demonstrating the value of utilizing the MEBA tool, validation research

(as yet unpublished but available on request) shows that amongst the misdemeanor population for which the tool was designed, the prevalence of several key criminogenic needs—criminal thinking and anti-social associates in particular—is somewhat *less* than has commonly been found in prior research with a felony-level offender population. On the other hand, trauma and other mental disorders are prevalent, as are several other criminogenic risk/need factors, including substance abuse, employment/educational deficits, and family dysfunction. Our use of the MEBA tool will thus constitute an innovative strategy that is specifically appropriate for our misdemeanor population. With the MEBA risk and need scores informing service planning, overall eligibility criteria for diversion will be expanded to include all non-violent offenses and those that are not perceived as a threat to public safety, as opposed to including only those with past military experience and/or mental health needs.

In addition, all offenders will be administered a further assessment including the Screening, Brief Intervention and Referral to Treatment (SBIRT) and GPRA instruments. The APS will be a full-time position employed by Treatment Alternatives for Safe Communities (TASC). The APS will facilitate the initial contact between the defendant and the agency/provider where the defendant will be completing the requirements. In addition to administering the MEBA, the APS will give referrals and information to the defendant about other services and treatment that may be helpful. The Judge will set a continuance date that will afford ample time to complete all program requirements. The APS will follow-up with the different partner agencies to determine if the defendant is in compliance. If the defendant successfully completes the required stipulations, the case will be dismissed and the defendant

will be given information on how to expunge the arrest from their record. If the defendant fails to comply with all the requirements, the defendant will no longer be allowed to be in the program and will be prosecuted as originally charged. Finally, the APS will also operate all of the CBT groups as well as perform any more extensive mental health and/or substance abuse evaluation/referrals as necessary.

The position funded for TASC includes funds for the CBT group. Other treatment-related services will be covered by the Affordable Care Act (ACA). TASC is a primary partner in the ACA process; they have registered hundreds in the criminal justice system and will direct participants in the application process which would make them eligible for most of the treatment services to which we expect participants to be directed.

Goal 1: Develop and implement the MDPEP using evidence-based, research-driven strategies. Objective 1.1: Create a consortium of service providers and establish enhanced sanctions that address criminogenic needs based on risk-need: The SAO will establish a list of locations for the 6th District and providers that will create a range of sanctions appropriate for the level of intervention the defendant's MEBA assessment warrants. To build this enhanced roster of services, the SAO will pursue expanded partnerships with current SAO partners in the various treatment court systems currently operating in the 6th District (see Section C). Additional partnerships will be brokered with various community organizations to develop a series of opportunities for community service opportunities, meaningful for the participant and the community. Objective 1.2: Incorporate validated risk-need assessment and appropriately match offenders to sanctions based on risk-need score: As previously stated, we will be utilizing the BJA-funded MEBA tool in the 6th District during the defendant's initial court appearance. The assessment will be scored and the level of sanctions will be determined and relayed to the court before the case is continued that same day. Objective 1.3: Increase access to diversion: This objective will be achieved in two ways. First the MDPP

will be expanded to one district where no misdemeanor diversion program is currently available. Second, by basing eligibility solely on criminal charge and criminal background, the 6th District MDPEP will enroll 500 participants over two years. Objective 1.4:

Appropriately match offenders to sanctions based on their risk score. All participants will receive, when appropriate, referrals for drug treatment, mental health, vocational and educational support, and others as necessary. Low risk participants will be referred to service providers in the community and be expected to attend at least one appointment. Moderate risk participants will be expected to complete eight hours of community service in a setting approved by the Program. High risk participants will be required to complete eight hours of a modified version of the Thinking For A Change curriculum.⁹ In addition, apart from the variable intensities of intervention, by rigorously *separating* low, moderate, and high risk individuals into different service tracks, we will avoid the kinds of contamination effects that are often seen in criminal interventions, whereby low-risk individuals are sometimes placed in group sessions or services alongside high-risk individuals, who then provide a negative influence, potentially *increasing* recidivism among those in the low risk group.¹⁰ Objective 1.5: Reduce collateral consequences: By completing the program successfully and avoiding a misdemeanor conviction, the defendant reduces the negative consequences that may come with it, such as inability to secure a job, school loans, housing and public benefits.

Goal 2: Test MDPEP effectiveness in reducing recidivism through an impact evaluation.

Objective 2.1: Collect target samples: CCI proposes to conduct a *quasi-experimental comparative effectiveness study* with three conditions: (1) NO-TREATMENT: Nonviolent misdemeanors arraigned in 2014 (prior to implementation of the proposed project) in the three suburban courthouses where misdemeanor deferred prosecution was unavailable at that

⁹ That curriculum has been utilized successfully by the SAO in the Cook County Redeploy (specialized) Probation Program. It is an EBP which has been evaluated on numerous occasions and found to be consistently effective with the criminal justice population, most recently in a Bibliography published by the National Institute of Corrections in April, 2014.

¹⁰ The Program's use of the MBBA, SBRIT, and GPRA tools, as well as the differentiated interventions, aligns with BJA's Strategic Plan, specifically Goal 1, Strategy #3 "Promote the use of risk and needs assessment throughout the criminal justice system."

time; (2) BEHAVIORAL HEALTH/VETERANS MDPP: Nonviolent misdemeanors arraigned in 2014 in the two suburban courthouses and in 2015 in the three suburban courthouses who factually participate in the original MDPP model—which is available to misdemeanants who are screened as having a behavioral health problem (substance-related or other mental

disorder) (Note that under the proposed initiative, grant funds will assist in the expansion of MDPP from two to three courthouses.); and (3) RISK/NEEDS ASSESSMENT MDPEP:

Nonviolent misdemeanors arraigned in 2015 in the one suburban courthouse that will implement the MEBA tool. The research hypotheses will essentially be twofold: first, those in the original MDPP model (study group #2) will outperform the no-treatment group (study group #1) on all study outcomes; and second, those in the risk/needs assessment model (study group #3) will outperform those in both of the other groups. Propensity score adjustment techniques will be utilized to ensure comparable samples across all three study groups (carefully matching on commonly available characteristics, which will include demographics, criminal history, and current charges). Objective 2.2: Develop enhanced sanctions for

misdemeanants in the MDPEP. To appropriately match offenders to sanctions based on their risk score, MDPEP will create a menu of suitable interventions based upon the assessed level of risk, as indicated by the initial MEBA screen, SBRIT and GRPA including: community service, vocational and educational referrals, drug treatment referrals, and cognitive behavioral therapy sessions. The menu of suitable interventions based upon the assessed level of risk will be manualized and will follow other best implementation practices, including close training, oversight, and fidelity monitoring of the work of clinical staff members.

Objective 2.3: Document the MDPEP Model: Early in the project, CCI research staff will conduct direct observations and interviews with court staff to document the expansion of the MDPEP model. Observations and interviews with the staff trained to administer the tool will be conducted to further understand the process and any implementation issues. Further

interviews will be conducted with justice stakeholders to understand stakeholders' interest in and resources for the expansion of MDPEP and for greater use of evidence-based strategies. Lastly, researchers will document the development of the roster of sanctions by speaking with representatives from SAO and partnering community based agencies. This information can serve as a model for jurisdictions that are interested in the implementation of evidence-based strategies and diversion. Regardless of the outcomes of the impact study, the use of interventions based on RNR principles and validated risk assessment represents an important contribution to the field. Objective 2.4: Conduct Participant Focus Groups: CCI will conduct two focus groups with MDPEP participants, one with high-risk and one with low-risk participants. Procedures will be determined and are subject to IRB approval. Objective 2.5: Create and execute formalized plans for Data Collection and Analysis: Case information on MDPEP participants and defendants in the comparison groups will be collected from the SAO. Data will include criminal charges, dispositions, sentences, court appearances, program mandates, compliance with program-imposed conditions, criminal history, and re-arrest data. New crimes committed by all MDPEP participants and the comparison groups over one year post-arrest will be tracked. Samples will be compared on case outcomes (e.g., dismissed or convicted; sentence type if applicable); re-offense; and diversion completion status (for Group 2 v. Group 3). Further, a process analysis will include interviews with all ASAs who screen cases into the MDPP (for Group 2 and Group 3 cases); and with community partners who conduct needs screening or provide services. Objective 2.6: Determine Likelihood of Recidivism for MDPEP Participants: The key question here is whether increasing court efficiencies in turn jeopardizes public safety or whether recidivism is held at the same level (or lower). CCI researchers will perform a Kaplan-Meier test and Cox survival analysis procedure to determine the effects of the MDPEP on time to failure (i.e., time to re-arrest). Objective 2.7: Develop a risk needs profile for misdemeanor defendant population. Using

MEBA results, a risk-needs profile will be produced for defendants in Group 3, helping the SAO to better understand the characteristics of its defendant population—i.e., the most and least prevalent criminogenic and non-criminogenic (mental health) needs.

Goal 3: Share knowledge and promising practices with the broader field to support

replication. Objective 3.1: Develop and disseminate tools for the field: With assistance from CCI's Training and Technical Assistance department, the SAO will create original TA tools for the field. These tools will be designed for other practitioners seeking to replicate similar models. Products will include an **Implementation Guidebook**, offering tips for applying evidence-based principles in diversion strategies, a risk profile of misdemeanor offenders to inform the development of appropriate social service options, and recommendations for replication. Additional how-to-materials like **checklists** and summaries of **research findings** will be developed and conveyed to a national audience through CCI's website.¹¹ CCI will distribute products to its own contact list, including more than 16,000 criminal justice state policymakers, practitioners, and researchers. New materials will also be promoted through social media outlets, such as Facebook and Twitter. Findings will also be presented in appropriate national forums, such as state and national prosecutor conferences.

Qualifications of the research partner and roles and responsibilities: CCI helps courts test innovative approaches to the delivery of justice, achieving its mission through a combination of original demonstrations, TTA, and rigorous research. Among other relevant projects, CCI's research department is currently leading a multi-site study of prosecutor-led diversion programs (funded by NIJ); a national survey of police-led diversion programs (funded by COPS); an evaluation of the Attorney General's *Defending Childhood Demonstration* (funded by NIJ); national studies of gang involvement among tribal youth and the commercial sexual exploitation of children (both funded by OJJDP); and a RCT of an

evidence-based assessment and treatment matching protocol (funded by NIJ). CCI is also a partner in *NIJ's Evaluation of SCA Adult Reentry Courts* and was previously a partner in *NIJ's Multi-Site Adult Drug Court Evaluation*. CCI is also currently validating the COMPAS assessment tool, is validating the MEBA tool, and created and is now validating a brief risk

screening tool to inform diversion decisions by law enforcement. Dr. Melissa Labriola (Principal Investigator and Associate Director of Research) has examined criminal justice interventions for more than a decade and is currently the Project Director on CCI's national study of prosecutor-led diversion programs and is PI on CCI's national survey of police-led diversion programs. By the time of the current study, Dr. Labriola will have twice analyzed data obtained from Cook County and Illinois State data systems (first through a statewide analysis of child prostitution cases and second through an analysis of preexisting Cook County prosecutor-led diversion programs as part of the national, multi-site study). Michael Rempel (Co-Investigator and Project Methodologist) has conducted and published original criminal justice research for more than 15 years and has been CCI's research director since 2002. Danielle Malangone, CCI's Associate Director of National Technical Assistance, will help the SAO to disseminate project lessons and findings to the national prosecutorial field. She has previously provided technical assistance to prosecutors on community prosecution issues and has served as the technical assistance counterpart on many of CCI's current and past research diversion-related studies. Ms. Malangone is ideally positioned to understand and candidly and clearly convey major project lessons to the national field.

Description of types and quality of data sources available to agency to support the project:

The SAO and the APS Unit of the SAO have a longstanding commitment to data collection and analysis to determine the effectiveness of alternative methods of prosecuting non-violent offenders. This analysis has included pre- and post-program involvement in relation to criminal activity, incarceration, and cost-benefit analysis. While the Cook County treatment

court systems have shown dramatic success in these areas, the focus in the current project is on a less intensive, less costly intervention which results in charge dismissal with opportunity for immediate expungement. SAO has ready access to data sources that will provide all the information needed to conduct analysis as described in Objective 2.5, such as city/county rap sheets, state and FBI arrest records. The analytic capacity of SAO will be enhanced by the partnership with CCI.

C. Capabilities and Competencies: This Program will be supervised by Mr. Mark Kammerer, the Coordinator of the SAO Alternative Prosecution and Sentencing Unit. His Unit manages over 2,500 cases in some form of alternative prosecution. Kammerer has overseen the Unit's growth from 300 to 2,500 in his tenure. Kammerer was integrally involved in the development and implementation of the FDPP and MDPP and remains the Coordinator of each. He will utilize the experiences of developing the earlier models in implementing the current project. Kammerer will monitor program development, implementation, and governmental oversight criteria for MDPEP, including eligibility criteria, training of court personnel, supervision of implementation strategies, and oversight of evaluation methods and reporting requirements. Kammerer will communicate regularly with the program staff to assess effectiveness of the program and recommendations for modifications of it, and he will work with the grant-funded ASA to compile and analyze the MDPEP data.

CCI is uniquely suited to serve as the research and technical assistance partner for the MDPEP. CCI has won national prizes for innovation from the Drucker Institute, National Criminal Justice Association, American Bar Association, National Association for Court Management, the Ford Foundation and Harvard University's John F. Kennedy School of Government. With nearly 20 years of experience with problem-solving courts, CCI has implemented numerous community courts, including the Red Hook Community Justice Center. The subject of a recent independent evaluation funded by the National Institute of

Justice, Red Hook has been credited with improving compliance with court orders, enhancing public trust in the courts, and reducing levels of fear in the community.

CCI's research department has a reputation for conducting rigorous research on justice reform. Current studies in the area of diversion were summarized above. Ensuring scientific rigor and objectivity, the Center's research and associate research director, who will both work on the current study, are experienced methodologists, having respectively overseen five and two prior and current randomized trials; designed propensity score adjustment strategies for numerous quasi-experiments, and developed the "super weighting" strategy for NIJ's highly-regarded *Multi-Site Evaluation of Adult Drug Courts*. Finally, CCI has received federal funding through competitive RFPs to provide technical assistance in the areas of problem-solving courts (including being named the sole technical assistance provider for BJA's 2005 Community-Based Problem-Solving Criminal Justice Initiative), drug courts, community courts, community prosecution and domestic violence courts. CCI's technical assistance departments have helped to guide practitioners through every stage of developing a project, from program design to implementation to evaluation.

Other MDPEP partners include: the Circuit Court of Cook County, TASC, Grand Prairie Services, South Suburban Council, Presence Behavioral Healthcare, the US and local Veterans Administration, the John Marshall Law School Veterans Legal Assistance Clinic, and various community organizations (such as the Southland Ministerial Health Network, which is a fairly large organization of health care, social service, and faith-based groups) to develop a series of options for interventions with the participants. These entities have all worked in collaboration with the SAO in the past and/or present on a number of alternative prosecution and sentencing initiatives TASC will be contracted to hire additional staff to assist in the implementation of the Program. TASC has been a vital partner in both the FDPP and MDPP Programs. They have served as the primary assessment component of those

programs as well as the entity responsible for referral to services. They will serve that role effectively again in the current expansion/enhancement project.

The SAO is uniquely qualified to be the lead entity in this Program, given its statutory requirement of determining treatment court. The SAO has been in the forefront of all of the

alternative prosecution and sentencing programming in Cook County since their inception and is now the designated entity responsible for performing the screening and identification of individuals for the treatment court system. We have shown an abundant capability for performing that function over the years, despite the large increase in all levels of the system. Additionally, the SAO has been the leader in data collection and analysis of criminal justice records in analyzing the effectiveness of the various treatment courts. The SAO has developed numerous new alternatives over the past 15 years, all in collaboration with other members of the Cook County criminal justice system, though some under its own direction.

D. Plan for Collecting the Data Required for Performance Measures: In addition to the information in Section B (that outlines the methodology used to collect and report performance data, the criteria used, and how the Program will be evaluated and communicated back to BJA), the APSP Coordinator will assume the responsibility of collating and reporting the efforts of this initiative. The grant-funded ASA will work with the Coordinator to determine the effectiveness of the Program in meeting the goals in relation to the Project Timeline. They will develop a tracking system to monitor the court process. In addition, the service providers will report back to the program regarding participants' compliance; we will report to the court if they have done what they were required to do, as that is the basis of the dismissal of charges. We analyze the effectiveness of the programs by reviewing arrest rates among participants while they are in the program, and specific periods following graduation. We will analyze the data quarterly and will adjust the expectation levels of the participants based upon their compliance with those expectations. We will also track the successful completion/case

dismissal rates and number of connections to community services and review participants' criminal records. We also factor in the cost savings of not having these individuals in custody. To date, the Coordinator has reviewed over 400 graduates of FDPP, one year post-case dismissal, and over 500 graduates of MDPP, three months post-case dismissal. These

exhaustive reviews have been written up routinely and disseminated. Similar processes will be followed with the MDPEP graduates, to determine effectiveness in reducing recidivism and also to determine if the three separate levels of expectations result in different outcomes. CCI will obtain relevant information from SAO in order to complete their review and evaluation of the program. That formal evaluation will be used to enhance the program in the future as well as assist in the replication in other jurisdictions. As detailed in Objective 3.1, CCI will develop and disseminate tools and will also outline the program's performance. The Coordinator in conjunction with the Programs and Development Unit (SAO's internal Unit that monitors all grant programs) will be responsible for the quarterly/biannual reporting of the required performance measures as established by BJA.

E. Sustainment: While funding is always a challenge, the SAO will work in collaboration with other agencies who have a clear and well-defined interest in moving individuals quickly through the criminal justice system to maintain this initiative after the life of the grant. The SAO will continue to explore grant opportunities (local, regional, and national) to allow for the sustainability of the project and the expansion of the RNP model. The SAO will work with the Justice Advisory Council of Cook County and other local entities that are invested in the reduction of time spent in custody by the non-violent individuals addressed by this initiative. We have already entered into extensive discussions about how the ACA will impact the linkage of individuals in the various treatment courts and the provision of their necessary levels of care. We anticipate that the provisions of the ACA will be relevant to the linkage of participants in this project to community-based services.

8. The recipient agrees to comply with applicable requirements regarding registration with the System for Award Management (SAM) (or with a successor government-wide system officially designated by OMB and OJP). The recipient also agrees to comply with applicable restrictions on subawards to first-tier subrecipients that do not acquire and provide a Data Universal Numbering System (DUNS) number. The details of recipient obligations are posted on the Office of Justice Programs web site at <http://www.ojp.gov/funding/sam.htm> (Award condition: Registration with the System for Award Management and Universal Identifier Requirements), and are incorporated by reference here. SPECIAL CONDITIONS

20. The recipient acknowledges that the Office of Justice Programs (OJP) reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and authorize others to use (in whole or in part, including in connection with derivative works), for Federal purposes: (1) any work subject to copyright developed under an award or subaward; and (2) any rights of copyright to which a recipient or subrecipient purchases ownership with Federal support.

The recipient acknowledges that OJP has the right to (1) obtain, reproduce, publish, or otherwise use the data first produced under an award or subaward; and (2) authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes. "Data" includes data as defined in Federal Acquisition Regulation (FAR) provision 52.227-14 (Rights in Data - General).

It is the responsibility of the recipient (and of each subrecipient, if applicable) to ensure that this condition is included in any subaward under this award.

The recipient has the responsibility to obtain from subrecipients, contractors, and subcontractors (if any) all rights and data necessary to fulfill the recipient's obligations to the Government under this award. If a proposed subrecipient, contractor, or subcontractor refuses to accept terms affording the Government such rights, the recipient shall promptly bring such refusal to the attention of the OJP program manager for the award and not proceed with the agreement in question without further authorization from the OJP program office.

21. No federal funds shall be used to pay for any part of air travel that includes business or first class seating except as authorized for government travel (as described in OMB Circular A-122) and authorized by the grant manager prior to booking such tickets.
22. The recipient agrees to cooperate with any assessments, national evaluation efforts, or information or data collection requests, including, but not limited to, the provision of any information required for the assessment or evaluation of any activities within this project.
23. The current edition of the OJP Financial Guide provides guidance on allowable printing and publication activities.
24. With respect to this award, federal funds may not be used to pay cash compensation (salary plus bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. (An award recipient may compensate an employee at a higher rate, provided the amount in excess of this compensation limitation is paid with non-federal funds.)

Contract No. 1585-14707

EXHIBIT 4

Federal Clauses

SPECIAL CONDITION: FEDERAL CLAUSES

The following provisions apply to all Contracts which are funded in whole or in part with federal funds.

1. Interest of Members of or Delegates to the United States Congress

In accordance with 41 U.S.C. § 22, the Contractor agrees that it will not admit any member of or delegate to the United States Congress to any share or part of the Contract or any benefit derived therefrom.

2. False or Fraudulent Statements and Claims

(a) The Contractor recognizes that the requirements of the Program Fraud Civil Remedies Act of 1986, as amended, 49 U.S.C. §§ 3081 et seq and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to the Contract. Accordingly, by signing the Contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, or it may make pertaining to the Contract, including without limitation any invoice for its services. In addition to other penalties that may be applicable, the Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986, as amended, on the Contractor to the extent the Federal Government deems appropriate.

(b) The Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification to the County or Federal Government in connection with an urbanized area formula project financed with Federal assistance authorized by 49 U.S.C. § 5307, the Government reserves the right to impose on the Contractor the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1), to the extent the Federal Government deems appropriate.

3. Federal Interest in Patents

(a) General. If any invention, improvement, or discovery of the Contractor is conceived or first actually reduced to practice in the course of or under the Contract, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Contractor agrees to notify County immediately and provide a detailed report.

(b) Federal Rights. Unless the Federal Government later makes a contrary determination in writing, the rights and responsibilities of the County, Contractor, and the Federal Government pertaining to that invention, improvement, or discovery will be determined in accordance with applicable Federal laws and regulations, including any waiver thereof. Unless the Federal Government later makes a contrary determination in writing, the Contractor agrees that, irrespective of its status or the status of any subcontractor at any tier (e.g., a large business, small business, non-profit organization, institution of higher education, individual), the Contractor agrees it will transmit to the Federal Government those rights due the Federal Government in any invention resulting from the contract.

4. Federal Interest in Data and Copyrights

(a) Definition. The term "subject data" used in this section means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the Contract. Examples include, but are not limited, to: computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term "subject data" does not include financial reports, cost analyses, and similar information incidental to Contract administration.

- (b) Federal Restrictions. The following restrictions apply to all subject data first produced in the performance of the Contract. Except as provided in the Contract and except for its own internal use, the Contractor may not publish or publicly reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of the County and the Federal Government, until such time as the Federal Government may have either released or approved the release of such data to the public.
- (c) Federal Rights in Data and Copyrights. In accordance with subparts 34 and 36 of the Common Rule, the County and the Federal Government reserve a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for County or Federal Government purposes, the types of subject data described below. Without the copyright owner's consent, the County and Federal Government may not extend their license to other parties.
 - (1) Any subject data developed under the contract or subagreement financed by a federal Grant Agreement or Cooperative Agreement, whether or not a copyright has been obtained; and
 - (2) Any rights of copyright which the Contractor purchases ownership with Federal assistance.
- (d) Special Federal Rights for Planning, Research and Development Projects. When the Federal Government provides financial assistance for a planning, research, development, or demonstration project, its general intention is to increase public knowledge, rather than limit the benefits of the project to participants in the project. Therefore, unless the Federal Government determines otherwise, the Contractor on a planning, research, development, or demonstration project agrees that, in addition to the rights in data and copyrights set forth above, the County or Federal Government may make available to any third party either a license in the copyright to the subject data or a copy of the subject data. If the project is not completed for any reason whatsoever, all data developed under the project will become subject data and will be delivered as the County or Federal Government may direct. This subsection, however, does not apply to adaptations of automatic data processing equipment or previously existing software programs for the County's use whose costs are financed with Federal transportation funds for capital projects.
- (e) Hold Harmless. Unless prohibited by state law, upon request by the County or the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the County and the Federal Government and their officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Contract. The Contractor will not be required to indemnify the County or Federal Government for any such liability arising out of the wrongful acts of employees or agents of the County or Federal Government.
- (f) Restrictions on Access to Patent Rights. Nothing contained in this section on rights in data will imply a license to the County or Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the County or Federal Government under any patent.
- (g) Application on Materials Incorporated into Project. The requirements of Subsections 2, 3, and 4 of this Section do not apply to material furnished by the County and incorporated into the work.

5. Records and Audits

Contractor will deliver or cause to be delivered all documents (including but not limited to all Deliverables and supporting data, records, graphs, charts and notes) prepared by or for the County under the terms of

this Agreement to the County promptly in accordance with the time limits prescribed in this Contract, and if no time limit is specified, then upon reasonable demand therefor or upon termination or completion of the Services hereunder. In the event of the failure by the Contractor to make such delivery, then and in that event, the Contractor will pay to County reasonable damages the County may sustain by reason thereof.

The County and the Federal Government will have the right to audit all payments made to the Contractor under this Agreement. Any payments to the Contractor which exceed the amount to which the Contractor is entitled under the terms of this Agreement will be subject to set-off.

The Contractor will keep and retain records relating to this Agreement and will make such records available to representatives of the County and the Federal Government, including without limitation the sponsoring federal agency, other participating agencies, and the Comptroller General of the United States, at reasonable times during the performance of this Agreement and for at least five years after termination of this Agreement for purposes of audit, inspection, copying, transcribing and abstracting.

No provision in this Agreement granting the County or the Federal Government a right of access to records is intended to impair, limit or affect any right of access to such records which the County or the Federal Government would have had in the absence of such provisions.

6. Environmental Requirements

The Contractor recognizes that many Federal and state laws imposing environmental and resource conservation requirements may apply to the Contract. Some, but not all, of the major Federal Laws that may affect the Contract include: the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §§ 4321 et seq.; the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. and scattered sections of 29 U.S.C.; the Clean Water Act, as amended, scattered sections of 33 U.S.C. and 12 U.S.C.; the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §§ 6901 et seq.; and the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 U.S.C. §§ 9601 et seq. The Contractor also recognizes that U.S. EPA, U.S. DOT and other agencies of the Federal Government have issued and are expected in the future to issue regulations, guidelines, standards, orders, directives, or other requirements that may affect the Contract. Thus, the Contractor agrees to adhere to, and impose on its subcontractors, any such Federal requirements as the Federal Government may now or in the future promulgate. Listed below are requirements of particular concern.

The Contractor acknowledges that this list does not constitute the Contractor's entire obligation to meet all Federal environmental and resource conservation requirements. The Contractor will include these provisions in all subcontracts.

- (a) Environmental Protection. The Contractor agrees to comply with the applicable requirements of the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §§ 4321 et seq. in accordance with Executive Order No. 12898, "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations," 59 Fed. Reg. 7629, Feb. 16, 1994; U.S. DOT statutory requirements on environmental matters at 49 U.S.C. § 5324(b); Council on Environmental Quality regulations on compliance with the National Environmental Policy Act of 1969, as amended, 40 C.F.R. Part 1500 et seq.; and U.S. DOT regulations, "Environmental Impact and Related Procedures," 23 C.F.R. Part 771 and 49 C.F.R. Part 622.
- (b) Air Quality. The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. Specifically, the Contractor agrees to comply with applicable requirements of U.S. EPA regulations, "Conformity to State of Federal Implementation Plans of Transportation Plans, Programs, and Projects Developed, Funded or Approved Under Title 23 U.S.C. or the Federal Transit Act," 40 C.F.R. Part 51, Subpart T; and "Determining Conformity of Federal Actions to State or Federal Implementation Plans," 40 C.F.R. Part 93. The Contractor further agrees to report and require each subcontractor at any tier

to report any violation of these requirements resulting from any Contract implementation activity to the County and the appropriate U.S. EPA Regional Office.

- (c) Clean Water. The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. §§ 1251 et seq. The Contractor further agrees to report and require each subcontractor at any tier to report any violation of these requirements resulting from any Contract implementation activity to the County and the appropriate U.S. EPA Regional Office.
- (d) List of Violating Facilities. The Contractor agrees that any facility to be used in the performance of the Contract or to benefit from the Contract will not be listed on the U.S. EPA List of Violating Facilities ("List"), and the Contractor will promptly notify the County if the Contractor receives any communication from the U.S. EPA that such a facility is under consideration for inclusion on the List.
- (e) Preference for Recycled Products. To the extent practicable and economically feasible and to the extent that it does not reduce or impair the quality of the work, the Contractor agrees to use recycled products in performance of the Contract pursuant to U.S. Environment Protection Agency (U.S. EPA) guidelines at 40 C.F.R. Parts 247-253, which implement section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962.

7. No Exclusionary or Discriminatory Specifications

Apart from inconsistent requirements imposed by Federal statute or regulations, the Contractor agrees that it will comply with the requirements of 49 U.S.C. § 5323(h)(2) by refraining from using any Federal assistance to support subcontracts procured using exclusionary or discriminatory specifications.

8. Cargo Preference - Use of United States Flag Vessels

The Contractor agrees to comply with U.S. Maritime Administration regulations, "Cargo-Preference -- U.S. Flag Vessels," 49 C.F.R. Part 381, and to include the clauses required by those regulations, modified as necessary to identify the affected parties, in each subcontract or subagreement involving equipment, materials, or commodities suitable for transport by ocean vessel.

9. Fly America

Section 14.c of the Master Agreement states that if the contract or subcontracts may involve the international transportation of goods, equipment, or personnel by air, the contract must require Contractors and subcontractors at every tier to use U.S.-flag air carriers, to the extent service by these carriers is available. 49 U.S.C. 40118 and 4 C.F.R. Part 52.

10. No Federal Government Obligations to Third Parties

The Contractor agrees that, absent the Federal Government's express written consent, the Federal Government will not be subject to any obligations or liabilities to any contractor or any other person not a party to the Grant Agreement or Cooperative Agreement between the County and the Federal Government which is a source of funds for this Contract. Notwithstanding any concurrence provided by the Federal Government in or approval of any solicitation, agreement, or contract, the Federal Government continues to have no obligations or liabilities to any party, including the Contractor.

11. Allowable Costs

Notwithstanding any compensation provision to the contrary, the Contractor's compensation under this Contract will be limited to those amounts which are allowable and allocable to the Contract in accordance

with OMB Circular A-87 and the regulations in 49 C.F.R. Part 18. To the extent that an audit reveals that the Contractor has received payment in excess of such amounts, the County may offset such excess payments against any future payments due to the Contractor and, if no future payments are due or if future payments are less than such excess, the Contractor will promptly refund the amount of the excess payments to the County.

12. Trade Restrictions

Contractor certifies that neither it nor any Subcontractor:

- (a) is owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms published by the Office of the United States Trade Representative (USTR);
- (b) has knowingly entered into any contract or subcontract with a person that is a citizen or national of a foreign country on said list, nor is owned or controlled directly or indirectly by one or more citizens or nationals of a foreign country on said list;
- (c) will procure, subcontract for, or recommend any product that is produced in a foreign country on said list.

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no Notice-to-Proceed will be issued to an entity who is unable to certify to the above. If Contractor knowingly procures or subcontracts for the supply of any product or service of a foreign country on said list for use on the project, the USDOT may direct, through the County, cancellation of the Contract at no cost to the Government.

Further, Contractor agrees that it will incorporate this provision for certification without modification in each subcontract. Contractor may rely on the certification of a prospective Subcontractor unless it has knowledge that the certification is erroneous. Contractor will provide immediate written notice to the County if it learns that its certification or that of a Subcontractor was erroneous when submitted or has become erroneous by reason of changed circumstances. Each Subcontractor must agree to provide written notice to Contractor if at any time it learns that its certification was erroneous by reason of changed circumstances. Nothing contained in the foregoing will be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision.

The knowledge and information of the Contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 100.

13. Contract Work Hours and Safety Standards Act

If applicable according to their terms, the Contractor agrees to comply and assures compliance with sections 102 and 107 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 through 333, and implementing U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5; and U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 C.F.R. Part 1926. In addition to other requirements that may apply:

- (a) In accordance with section of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 through 332, the Contractor agrees and assures that, for the Contract, the wages of every mechanic and laborer will be computed on the basis of a standard work week of 40 hours,

and that each worker will be compensated for work exceeding the standard work week at a rate of not less than 1.5 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The Contractor agrees that determinations pertaining to these requirements will be made in accordance with applicable U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5.

- (b) In accordance with section 107 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. § 333, the contractor agrees and assures that no laborer or mechanic working on a construction contract will be required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous to his or her health and safety, as determined in accordance with U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 C.F.R. Part 1926.

14. Veteran's Preference

In the employment of labor (except in executive, administrative, and supervisory positions), preference will be given to Vietnam-era veterans and disabled veterans. However, this preference may be given only where individuals are available and qualified to perform the work to which employment relates.

15. Copyright Ownership

Consultant and the County intend that, to the extent permitted by law, the Deliverables to be produced by Consultant at the County's instance and expense pursuant to this Agreement are conclusively deemed "works made for hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. §101 et seq. (the "Copyright Act"), and that the County will be the copyright owner of the Deliverables and of all aspects, elements and components of them in which copyright can subsist.

To the extent that any Deliverable does not qualify as a "work made for hire," Consultant irrevocably grants, conveys, bargains, sells, assigns, transfers and delivers to the County, its successors and assigns, all right, title and interest in and to the copyrights and all U.S. and foreign copyright registrations, copyright applications and copyright renewals for them, and other intangible, intellectual property embodied in or pertaining to the Deliverables prepared for the County under this Agreement, free and clear of any liens, claims or other encumbrances, to the fullest extent permitted by law. Consultant will execute all documents and perform all acts that the County may reasonably request in order to assist the County in perfecting its rights in and to the copyrights relating to the Deliverables, at the sole expense of the County.

Consultant warrants to County, its successors and assigns, that on the date of transfer Consultant is the lawful owner of good and marketable title in and to the copyrights for the Deliverables and has the legal rights to fully assign them. Consultant further warrants that it has not assigned any copyrights nor granted any licenses, exclusive or nonexclusive, to any other party, and that it is not a party to any other agreements or subject to any other restrictions with respect to the Deliverables. Consultant warrants and represents that the Deliverables are complete and comprehensive, and the Deliverables are a work of original authorship.

16. Accessibility Compliance

If this Agreement involves design for construction, the Consultant warrants that all design documents produced or utilized under this Agreement and all construction or alterations undertaken under this Agreement will comply with all federal, state and local laws and regulations regarding accessibility standards for persons with disabilities or environmentally limited persons including, but not limited to, the following: the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101 et seq. and the Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities ("ADAAG"); the Architectural Barriers Act, Pub. L. 90-480 (1968), and the Uniform Federal Accessibility Standards ("UFAS"); and the Illinois Environmental Barriers Act, 410 ILCS 25/1 et seq., and all regulations promulgated thereunder, see Illinois Administrative Code, Title 71, Chapter 1, Section 400.110. If the above standards are inconsistent, the Consultant must comply with the standard providing the greatest accessibility. Also, the Consultant must, prior to construction,

review the plans and specifications to insure compliance with the above referenced standards. If the Consultant fails to comply with the foregoing standards, the Consultant must perform again, at no expense, all services required to be re-performed as a direct or indirect result of such failure.

17. Visual Rights Act Waiver

The Consultant/Contractor waives any and all rights that may be granted or conferred under Section 106A and Section 113 of the United States Copyright Act, (17 U.S.C. § 101 et seq.) (the "Copyright Act") in any work of visual art that may be provided pursuant to this Agreement. Also, the Consultant/Contractor represents and warrants that the Consultant/Contractor has obtained a waiver of Section 106A and Section 113 of the Copyright Act as necessary from any employees and subcontractors, if any.

18. Equal Employment Opportunity

The Act provides that each contractor or subrecipient shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to the Federal awarding agency.

20. Davis-Bacon Act, as amended (40 U.S.C. 276a to a-7)

When required by Federal program legislation, all construction contracts awarded by the recipients and subrecipients of more than \$2000 shall include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 276a to a-7) and as supplemented by Department of Labor regulations (29 CFR part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction").

Under this Act, contractors shall be required to pay wages to laborers and mechanics at a rate not less than the minimum wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages not less than once a week. The recipient shall place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation and the award of a contract shall be conditioned upon the acceptance of the wage determination. The recipient shall report all suspected or reported violations to the Federal awarding agency.

21. Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333)

Where applicable, all contracts awarded by recipients in excess of \$2000 for construction contracts and in excess of \$2500 for other contracts that involve the employment of mechanics or laborers shall include a provision for compliance with Sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333), as supplemented by Department of Labor regulations (29 CFR part 5). Under Section 102 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 ½ times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the

purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

22. Rights to Inventions Made Under a Contract or Agreement

Contracts or agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

23. Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), as amended

Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient.

DESCRIPTION

To increase payment efficiency and timeliness, we have introduced E-Payables program, a new payment initiative to our accounts payable model. This new initiative utilizes a Visa purchasing card and operates through the Visa payment network. This is County's preferred method of payment and your participation in our Visa purchasing card program will provide mutual benefits both to your organization and ours.

As a vendor, you may experience the following benefits by accepting this new payment type:

- Improved cash flow and accelerated payment
- Reduced paperwork and a more streamlined accounts receivable process
- Elimination of stop payment issues
- Reduced payment delays
- Reduced costs for handling paper checks
- Payments settled directly to your merchant account

There are two options within this initiative:

1. Dedicated Credit Card – "PULL" Settlement

For this option, you will have an assigned dedicated credit card to be used for each payment. You will provide a point of contact within your organization who will keep credit card information on file. Each time a payment is made, you will receive a remittance advice via email detailing the invoices being paid. Each time you receive a remittance advice, you will process payments in the same manner you process credit card transactions today.

2. One-Time Use Credit Card – "SUGA" Settlement

For this option, you will provide a point of contact within your organization who will receive an email notification authorizing you to process payments in the same manner you process credit card transactions today. Each time payment is made, you will receive a remittance advice, via email, detailing the invoices being paid. Also, each time you receive a remittance advice, you will receive a new, unique credit card number. This option is ideal for suppliers who are unable to keep credit card account information on file.

FAMILIAL RELATIONSHIP DISCLOSURE PROVISION

Nepotism Disclosure Requirement:

Doing a significant amount of business with the County requires that you disclose to the Board of Ethics the existence of any familial relationships with any County employee or any person holding elective office in the State of Illinois, the County, or in any municipality within the County. The Ethics Ordinance defines a significant amount of business for the purpose of this disclosure requirement as more than \$25,000 in aggregate County leases, contracts, purchases or sales in any calendar year.

If you are unsure of whether the business you do with the County or a County agency will cross this threshold, err on the side of caution by completing the attached familial disclosure form because, among other potential penalties, any person found guilty of failing to make a required disclosure or knowingly filing a false, misleading, or incomplete disclosure will be prohibited from doing any business with the County for a period of three years. The required disclosure should be filed with the Board of Ethics by January 1 of each calendar year in which you are doing business with the County and again with each bid/proposal/quotation to do business with Cook County. The Board of Ethics may assess a late filing fee of \$100 per day after an initial 30-day grace period.

The person that is doing business with the County must disclose his or her familial relationships. If the person on the County lease or contract or purchasing from or selling to the County is a business entity, then the business entity must disclose the familial relationships of the individuals who are and, during the year prior to doing business with the County, were:

- its board of directors,
- its officers,
- its employees or independent contractors responsible for the general administration of the entity,
- its agents authorized to execute documents on behalf of the entity, and
- its employees who directly engage or engaged in doing work with the County on behalf of the entity.

Do not hesitate to contact the Board of Ethics at (312) 603-4304 for assistance in determining the scope of any required familial relationship disclosure.

Additional Definitions:

"Familial relationship" means a person who is a spouse, domestic partner or civil union partner of a County employee or State, County or municipal official, or any person who is related to such an employee or official, whether by blood, marriage or adoption, as a:
